Description

Maple Ridge anyone?! This is one of the most extensive renovations I've seen in long time. No expense was spared here. Exterior of the home is exquisite with cedar accents, rock work and warm tones. Enter the home and you will not be disappointed with gleaming hardwood, wrought iron railing, wood burning fireplace, large chef's kitchen with high-end appliances and ample cabinets, re-done bath, good sized 2nd bedroom and a huge master with a spa-like ensuite. As a bonus there is also a family room with access to the back deck which could be a home office, dining room or another entertainment room. The lower level is complete with another wood burning fireplace, two bedrooms, walk up bar with granite, a wine room and another re-done bathroom. This home has to be seen as it truly is a fantastic renovation. Close to schools, shopping, golf, recreation and transit. Quiet street, quiet location, quiet yard...a place to call home for years to come. You owe it to yourself to book your showing today. 10/10
